FEC Builders is part of iPlayCO Group of Companies. We create and deliver full Turnkey solutions to our customers. We have over 20 years of experience creating and delivering successful business projects and solutions. With our dedicated International team of Business Analysts, Project Managers, Designers, Architects, Marketing, Technical Specialists and highly qualified Production Team our customers are well assured about their investments.

iREC (International Recreation Corporation) is part of a world leading team of play based entertainment specialists. We draw on decades of world-wide play equipment expertise. With organizational design, distribution and manufacturing resources in the Philippines, iREC is part of a world leading team in play based entertainment. We provide exceptional value on safe, high quality products all built to International safety and quality standards.

Play Mart International is part of the Iplayco group of companies and is one of the most recognized names in Europe in the amusement and entertainment business. Having designed, produced, installed and maintained soft play structures across Europe for more than 20 years. Our factory is located in the middle of Europe so we are always close to our clients. You can count on us to give you expert advice, quality design and installation of your soft play equipment in compliance with all European safety standards. We work with your team to coordinate your project from start to finish. We specialize in unique and bespoke designs and always consider safety as priority one. All products are made from durable, high quality materials.

The Great Escape is a state of the art indoor theme park for all ages. iPlayCO uses The Great Escape for research and development purposes to see which of its products guests enjoy most. Maybe more importantly, it's also a training site for people considering opening a similar facility. Dozens of customers, from around the world have visited The Great Escape to learn first hand how to run a successful FEC.

Play Planet was founded in Milan in 1995, with the intention of creating a business linked to the entertainment of families, through a network of franchise centers. After just over twenty years, the Play Planet network boasts more than 40 centers in Italy and is in continuous development. The success of Play Planet is to be attributed to its winning formula and the multiplicity of business opportunities that each center offers, compared to limited operating costs. The core business is represented by the organization of birthday parties and private events in general, but a large contribution also comes from catering, as well as free play in the playground.
